Republican's First "Governor's Day" in 9 Years Draws Many

Sen. Brooks, Gov. Green
Feature Speakers at
State Fair

Springfield, Ill., Aug. 14—(AP)—U. S. Senator C. Wayland Brooks asserted today that the draft extension had aroused fears in congress and among the people that the Roosevelt administration would take "further belligerent" steps that would involve us as a shooting participant in Europe's war.

"There is a growing fear," Brooks declared, "of granting further power to an administration that continues to nose our nation closer and closer to becoming a shooting participant in the war."

Senator Brooks and Gov. Dwight H. Green spoke before a Governor's Day audience at the Illinois state fairgrounds. The rally, which attracted thousands, was the first Governor's Day convocation to be staged by Republicans since 1932 and was viewed as a prelude to the 1942 senatorial campaign.

Without mentioning directly Brooks' expected candidacy for re-nomination and election next year Governor Green departed from his prepared address to laud the junior Senator.

"I am proud to be on this platform with Senator Brooks," Green said. "He has kept the pledges he made to the American people in his campaign. Illinois is fortunate to have a senator of the integrity and ideals of Senator Brooks."

This was the nearest reference to the forthcoming campaign as the Republicans staged their political day with traditional pageantry. Attendance was somewhat below predictions of party officials, there being some vacant seats in the main fairgrounds grandstand which seats 12,000.

No Resolutions
In a meeting last night the Republican state central committee failed to take any action on several proposed resolutions, although leaders had suggested previously that the committee probably would formally endorse the records of Governor Green, Senator Brooks and Republican congressmen.

Chairman Ben L. Berve said "we did not think this was the time for any resolutions". Many party leaders said privately that Green had urged that the committee take no action which might disturb party harmony.

The entire Illinois Republican delegation in congress opposed

Hospital Board Is Grateful for Help

The board of directors of the Katherine Shaw Bethel hospital today expressed to the citizens of Dixon and surrounding community served by the hospital, gratitude to the Dixon Telegraph for the splendid and generous publicity given to the hospital projects. The value of the support of the Telegraph in the campaign for funds for the building of the much needed new wing cannot be over-estimated, the board statement said. The statement continued:

"The board wishes also to call to the attention of the public the remarkable work done by the Service club. Organized not three years ago for the sole purpose of helping the hospital, this group of young women has contributed valuable material and has been the public interest in the hospital. In this short time the Service club has furnished a room on the maternity floor and bought a bed side lamp for each bed in the maternity ward; given \$200 to the building fund; conducted a "tin cup" campaign on the streets, which added \$140 to its fund; sold the tickets for the benefit performance so kindly given by Richard Vernon and the Grand Detour Players, thus adding \$134 to the fund.

"The Service club's latest gift to the nursery is a Dunker respirator and incubator for the care of delicate or premature babies, purchased at a cost of \$500. This incubator is the finest, most effective equipment obtainable, providing the latest scientific care for babies whose lives may be lost without such care. The board of directors and the community are grateful for this valuable service."

Monotonous

Omaha, Neb., Aug. 14—(AP)—Happy enough but a little monotonous is grandparenthood for Mr. and Mrs. A. A. Langfeldt.
Mrs. William A. Jewell, a daughter, presented them first with a granddaughter. Not long afterwards Mrs. Armand Allard made them grandparents of another girl.
Two days later daughter No. 3, Mrs. Golden Crouch bore a grandson.
And a little later the same day, Mrs. Joseph A. Dinovo presented the now-used-to-it Langfeldts with a granddaughter.

Outstanding Acts Booked for Fair Here Aug. 22-24

Chairman Ayres Davies of the attractions committee for Lee County's annual Fair and Horse Show to be presented at Assembly Park, Aug. 22, 23 and 24, today announced the program of entertainment which has been provided for the entertainment of the patrons. Outstanding will be the nationally-known Charles Siegrist flying trapeze troupe. This group of performers ranks among the world's finest aerial acrobats, presenting a program of daring and sensational feats in mid air. This act was for many years featured in the center ring of the Ringling Brothers, Barnum & Bailey circus.

Roy Barrett, who is classified as being among the best clowns in the entertainment world has been contracted for the three days. The Haase family of juvenile acrobats is another feature to be presented on the program of free acts for the three days, appearing both afternoon and evening. The latter are comparative newcomers to the amusement world. They have been carefully trained by their father, a former outstanding acrobat, and will be presented to for the first time to an Illinois fair gathering.

Rodeo Closing Day

This entire program will blend into the most splendid array of attractions in the history of the Lee County Fair and Horse Show, presenting new and novel entertainment for the patrons of this year's three day which promises to be the biggest in the annual event's history.

Late yesterday afternoon Chairman Davies booked another outstanding attraction which is to be presented Sunday evening, the closing day of the fair. The F. L. Wagner Rodeo Company with a stable of bucking broncos, wild steers, cowboys and rough riders will be presented in the arena. Some of the country's best known

Tanker Flying U. S. Flag Off to Russia With Aviation Fuel

Washington, Aug. 14—(AP)—Petroleum Coordinator Ickes announced today the first shipment of aviation gasoline to Russia aboard an American tanker would leave Los Angeles today for Vladivostok, flying the United States flag.

"Other tankers will leave shortly," he said.

Ickes reported at his press conference, also, that deliveries of gasoline in the east were up 8 per cent last week, despite the night time "blackout" of filling stations and he said "more rigid steps" may be expected immediately to curtail gasoline consumption on the Atlantic seaboard, where a shortage has been forecast.

Indiana Republicans Start Boom of Dwight Green for Presidency

Indianapolis, Aug. 14—(AP)—Indiana Republicans are joining with Illinois and Kentucky G. O. P. leaders in staging a 1944 presidential boomlet for Governor Dwight L. Green of Illinois at French Lick Aug. 26, it was learned today.

Wallace Weatherholt, deputy state treasurer, and Mark Rhodes, former state motor vehicles commissioner, in direct charge of a luncheon honoring Green, expect the attendance of about 150 Indiana Republican leaders and large delegations from Kentucky and Illinois are being lined up.

Informed sources say the Indiana participation in the meeting as the start of a "Stop-Willkie" movement, as the 1940 G. O. P. presidential nominee is considered as having lost much ground because of his support of the president's foreign policy.

Movie Stars Coming to Louella Parsons Day Event in Dixon

At Least Thirty Young
Ladies Will Compete
for Queen Honors

Indications today point to competition by not less than 30 candidates for the honor of being crowned Queen of the Rock River Valley at the Louella Parsons Day celebration in Dixon, Monday, Sept. 15. The successful candidate will receive an all-expense tour from Dixon to Hollywood where she will be the guest of Miss Parsons for several days and will visit the principal movie studios, where she will meet many of the stars.

Chairman Harry Bates of the queen contest expects candidates for the honor to be entered from Sterling, Morrison, Oregon, Mount Morris, Rochelle, Amboy, Mendota, Polo, Princeton and Dixon. The Dixon Lions club is sponsoring the contest for the queen, and in the local communities service clubs, the local press and friends of the candidates will select those who will compete. Three candidates are to be selected from each of the communities.

Rules of Contest

The rules governing the contest provide that the candidates be between the ages of 18 and 28 years, and the judging will be on charm, personality and beauty. Summer formal dresses will be worn, the candidates wearing streamers indicating the communities from which they were entered. The candidates will appear on decorated floats in the huge parade through the business district in the morning and will attend the several functions throughout the day.

At the new Armory in the evening, where the Hollywood hall will be presented, the grand march will be led by Miss Parsons and the

Extended Service Bill to President

BULLETIN

Washington, Aug. 14—(AP)—The war department estimated the strength of the army today at 1,545,000 officers and enlisted men.

Of the total 517,000 are regular army troops, 281,900 are National Guardsmen, 681,500 are selective service trainees, and 65,000 reserve officers on active duty.

Washington, Aug. 14—(AP)—Final senate approval sent to President Roosevelt today legislation extending the service periods of all army enlisted personnel for 18 months.

The measure, passed by the single vote margin of 203 to 202 in the House Tuesday, would authorize the president to retain selectees, National Guardsmen and reservists for a total of two and a half years. Regular enlisted men, who signed up for a three year period, could be held for four and a half years. Today's senate action was acceptance of the House bill.

Under the legislation, all men who had served 12 months would receive a \$10 monthly pay increase.

Congress could terminate the president's authority to hold men beyond their original service periods at any time through the adoption of a concurrent resolution. Congress also could permit

Philadelphia, Aug. 14—(AP)—Judge Harry S. McDevitt just couldn't believe George Ferguson, 40-year-old negro weighing 127 pounds, had lifted a 600-pound section of bronze city hall railing he was accused of stealing.
When Ferguson insisted he had, McDevitt summoned a 250-pound detective and told the negro "Let's see you lift him."
"I just can't do it, judge," protested Ferguson. "My heart ain't in it."
He got six months.

Federal Mediators Take Up Railroad Wage Issue Today

Chicago, Aug. 14—(AP)—Mediation, the second step in efforts to settle the colossal wage dispute between American railroads and their employees, began with three conferences today.

The National Railway Mediation Board set 9 a.m. (C.S.T.) to hear the case of the five big operating brotherhoods demanding a 30 per cent increase in basic rates of pay for approximately 350,000 workers. Of these workers switch tenders now receive the lowest pay, \$5.06 a day.

Three hours later the 14 non-operating unions, representing 850,000 employees, intended to present their demands for wage boosts of from 30 to 40 cents an hour. They now have minimums of 35 cents an hour for semi-skilled work and 85 cents for highly-skilled.

Then the federal agency was scheduled to listen to the railroads side. The class 1 carriers contend they have never earned a net income equaling the money that would be required for wage increase. They have proposed drastic changes in their operating rules to reduce expenses and give management more discretion in wage assignments.

Authorities disagree upon how much money is involved in the dispute. Union men say \$600,000,000 or \$700,000,000, but the railroads figure it at \$900,000,000.

Dead Locked Three Weeks
Under the machinery set up by the Railway Labor Act, the unions and the carriers spent almost two weeks trying to negotiate an

Illinois Congressman Conducts Poll To Test War Sentiment in U. S.

The Appellate court at Ottawa in a decision announced recently, has reversed the findings of the Lee county Circuit court in an action brought by the Zenith Radio Distributing Corporation against H. E. Matzer of this city.

The action was started in the court of Justice W. T. Terrill, who found for the plaintiff. An appeal was taken to the Circuit court where Judge Leon A. Zick sustained the findings of the justice court. An appeal was then taken to the Appellate court where the case was reviewed and reversed.

The complaint was filed to force collection of three notes. The firm of Warner & Warner represented the plaintiffs and Attorney Elwin Wadsworth, appeared for the defendant.

Destruction of German Tyranny Set Forth as War Aim of Great Britain and U. S.: Other Goals

"V" Is Symbol of Roosevelt-Churchill Conference

Disclosure that President Roosevelt and British Prime Minister Winston Churchill met at sea in history making conference prompted this "V for Victory" montage symbolizing the event. (NEA Telephoto.)

Text of Historic Joint Declaration

Washington, Aug. 14—(AP)—The text of the announcement on the meeting of President Roosevelt and Prime Minister Winston Churchill of Great Britain follows:

The President of the United States and the Prime Minister, Mr. Churchill, representing His Majesty's government in the United Kingdom, have met at sea. They have been accompanied by officials of their two governments, including high ranking officers of their military, naval and air services.

The whole problem of the supply of munitions of war, as provided by the lease-lend act, for the armed forces of the United States and for those countries actively engaged in resisting aggression has been further examined.

Lord Beaverbrook, the Minister of Supply of the British government, has joined in these conferences. He is going to proceed to Washington to discuss further details with appropriate officials of the United States government. These conferences will also cover the supply problem of the soviet union.

The President and the prime minister have had several conferences. They have considered the dangers to world civilization arising from the policies of military domination by conquest upon which the Hitlerite government of Germany and other governments associated therewith have embarked, and have made clear the stress (as received here by radio the text said "stress" but Stephen Early, White House secretary, said it might have been garbled and that the word possibly was "steps") which their countries are respectively taking for their safety in the face of these dangers. (The text as issued is London contained the word "steps".)

The War Today!

By DEWITT MacKENZIE
(Telegraph Special Service)

Early reports of the sensational Roosevelt - Churchill conference, which far out-Brenners the famous Brenner Pass meetings of Messrs. Hitler and Mussolini, immediately impress one as giving promise of strengthening the allied cause.

Three points are of especial and far reaching importance. They are:

1. The declaration of war aims, for which the world has been anxiously pleading, is calculated to remove distrust from minds in many countries, and by the same token to give fresh courage to the supporters of the allies.

This will be particularly true in the occupied countries, and even in the axis states must register heavily. The effect among the axis peoples is likely to be great when they learn that the allies do not aim at the economic destruction of their enemies but propose equal economic privileges for "great or small, victor or vanquished" in the post war reconstruction.

2. One of the main purposes of

(Continued on Page 8)

They have agreed upon the following joint declaration:

Joint declaration of the President of the United States of America and the Prime Minister, Mr. Churchill, representing His Majesty's government in the United Kingdom, being met together, deem it right to make known certain common principles in the national policies of their respective countries on which

they base their hopes for a better future for the world.

First, their countries seek no aggrandizement, territorial or other;

Second, they desire to see no territorial changes that do not accord with the freely expressed wishes of the peoples concerned;

Third, they respect the right of all peoples to choose the form of government under which they will live; and they wish to see sovereign rights and self government restored to those who have been forcibly deprived of them.

Fourth, they will endeavor, with due respect for their existing obligations, to further the enjoyment by all states, great or small, victor or vanquished, of access on equal terms to the trade and to the raw materials of the world which are needed for their economic prosperity;

Fifth, they desire to bring about the fullest collaboration between all nations in the economic field with the object of securing, for all, improved labor standards, economic advancement and social security;

Sixth, after the final destruction of the Nazi tyranny, they hope to see established a peace which will afford to all nations the means of dwelling in safety within their own boundaries, and which will afford assurance that all the men in all the lands may live out their lives in freedom from fear and want;

Seventh, such a peace should enable all men to traverse the high seas and oceans without hindrance;

Eighth, they believe that all of the nations of the world, for realistic as well as spiritual reasons

"Sounds Like Preliminary Bid for Peace," Says Brooks of Statement

Springfield, Ill., Aug. 14—(AP)—Illinois' Republican senator, C. Wayland Brooks, said today that the announcement of common aims for the United States and Great Britain, made by President Roosevelt and Prime Minister Winston Churchill after a secret meeting, "sounds very much like a preliminary bid for peace."

Senator Brooks warned however that "a mere statement of probable peace aims must not be used as a blanket under which to move the American people into shooting participation in Europe's war."

The text of Brooks' statement: "The statement sounds very much like a preliminary bid for

peace—which I believe an overwhelming majority of the American people would welcome, providing it is a genuine bid for peace and not a camouflage to move us into the war.

"It is at least refreshing to have an announcement of our foreign policy come from Washington and London simultaneously and not from London alone as has been the practice recently.

"The people of the nation will feel safer when their own representatives in congress determine the basis of their foreign policy. "A mere statement or probable peace aims must not be used as a blanket under which to move the American people into shooting participation in Europe's war."

Day's War News Summarized by AP Editors

(By The Associated Press)

President Roosevelt and Prime Minister Churchill, dramatically meeting somewhere at sea, have joined in a pledge to achieve "the final destruction of the Nazi tyranny" and agreed on an eight-point declaration of common national aims after the war, it was disclosed today.

Informed quarters in London, commenting on the secret rendezvous, declared that the United States now was enlisted in the task of reconstruction of post war Europe and in support of the Russian-British cause on every front.

Coincidentally, Petroleum Coordinator Ickes announced in aviation gasoline aboard an American tanker would leave Los

Eight Points

Washington, Aug. 14—(AP)—The eight points on which President Roosevelt and Prime Minister Churchill said they based their hopes "for a better future for the world" are, in brief:

1. No aggrandizement.
2. No territorial changes imposed by force.
3. Restoration of sovereign rights to those who have been deprived of them by force.
4. Equal enjoyment by all nations of world trade and raw materials needed for prosperity.
5. Improved labor standards, economic advancement and social security for all.
6. A peace assuring safety and tranquility the world over.
7. Freedom of the seas to all.
8. Abandonment by all nations of the use of force and disarmament of aggressive nations pending the establishment of general security.

Strikes Concern War Department

(By The Associated Press)

Striking AFL machinists voted unanimously today to go back to work at Curtiss-Wright's Caldwell, N. J., propeller plant engaged on \$100,000,000 of defense orders.

The dispute, which involved the question of a proper bargaining agent and wages, was certified by Secretary of Labor Perkins to the Defense Mediation Board last night.

There were strike threats, meanwhile, in the huge telephone and aluminum industries. Members of lodge 703, International Association of Machinists, voted to stop the Caldwell strike after their delegates to the mediation board conference told the strikers they were "not gaining anything" by staying out now.

The strikers were asking wage increases of 20 cents an hour over a scale which the company said averaged \$50.07 weekly.

War department officials had expressed grave concern over a sharp increase in work stoppages. As of last Tuesday, they said, 30 strikes were holding up production of army equipment, and 23,400 workers were idle, compared with an average of 14,000 idle since early June.

Another conference was scheduled in Washington today between Navy Secretary Knox and L. H. Korndorff, president of the Federal Shipbuilding & Dry Dock Company, on the latter's offer to turn the firm's strikebound shipyard at Kearny, N. J., over to the Navy for immediate operation. Nearly half a billion dollars worth of navy and merchant ship contracts is held up by the CIO-called strike.

A Thought For Today

Let us not be weary in well doing—Galatians 6:9.

Idleness and pride tax with a heavier hand than kings and parliaments.—Franklin.

Wages and Prices

One of the biggest domestic problems now in the headlines is prices. To be exact, higher prices. Nearly all experts are convinced that the rises which have taken place so far are only a beginning of what is to come. Leon Henderson, the price administrator, has said publicly that substantially higher prices in all lines are on their way.

A large segment of industry has tried, and tried hard, to hold prices down. The retail trades have done their share. Both the chains and modern independents have redoubled their efforts to reduce overhead costs and to pass savings on to consumers. A number of leading merchandising outlets have also voluntarily reduced their profits, in order to prevent price boosts at retail that would otherwise have been unavoidable.

There is obviously a definite limit to which these policies can be carried. The operating cost of industry at large increases. The new tax bill will add materially to the overhead of all business. And the present wage trend is definitely inflationary in character.

It has been said often, and it should be said many times again, that it is not possible to have a workable price ceiling without a wage ceiling. We can not peg prices at a given level, and permit wages to go merrily upwards, unchecked. In industry, the cost of labor is often the largest item of expense. Industry has no other course but to accompany wage increases for its labor, with price increases for its finished product.

Wages and prices, in short, go hand in hand, up or down, as the case may be. Unless the fact is understood thoroughly, all efforts toward price control, by government and business alike, will be doomed to failure.

More Than a Strong Arm

Ninety-six more Illinois state policemen have been commissioned. Their commissions were presented after they had completed two weeks of training in crime prevention and detection, as "pupils" in the first school of its kind ever held in Illinois.

It is not supposed, of course, that a state policeman can learn all there is to know about law enforcement and the attending skills, arts and graces, in a period of two weeks. But it is to the credit of the state that their new policemen will at least have had a basic explanation of their duties, in a planned course.

These days, a law officer, local, state or national, requires something besides a pair of iron

firsts and a tough jaw. Into the discard have gone, or are going, the old strong-arm methods. Our new highway policemen are taught first aid and emergency practices, courtesy and consideration for the public. They should be able to save lives by treatment of accident victims with approved methods. And their position as trusted public servants, not as bullies to be feared, has been explained. We have been, and shall be proud of our state police.

Fire in the Forest

We're in the midst of the vacation season, a season which has always been feared by forest officials because in the past it has produced costly fires in our timber resources.

In Illinois, timber is a secondary crop, but it has its value. During a period of dry weather, a cigarette carelessly flipped from an automobile to the dry roadside grass might spread to a neighboring grove, and damage trees to an extent that insect pests and borers may attack and eventually kill them. In the north, the danger is in fire itself. A house can be rebuilt. A tree can not. In a few hours, roaring flames can destroy timber which nature must spend decades to replace.

And fire in the forest carries with it death to deer, rabbits, birds, squirrels and the other creatures of the wild. More than that, it destroys the habitat of those which survive.

Man-made fire is almost always preventable. It results from man's ignorance, carelessness or thoughtlessness. All the laws in the world are powerless to prevent fire unless public cooperation is given.

One of the prime causes of forest fires is smoking. A family on a holiday drives through the woods, thoughtlessly tossing burning matches and cigarette butts. Usually they cause no damage, but one time in a hundred, or a thousand, the fire may be kindled in dry brush that is almost explosive.

Carelessness with camp fires is another major cause of fire. Here the rules of safety are simple. Never leave a fire. Smother the coals with water and earth. Always build your fire in a cleared space, away from trees and brush.

One of the greatest resources is tall timber. It is the basis of an industry employing scores of thousands. It is the source of pleasure and recreation for millions. When you drive north in this dry season, or when you are in timber tracts of Illinois, use fire preventive thought in your actions with fire.

Road to Security

Mayor La Guardia of New York City, in his capacity as American chairman of the Joint United States-Canadian Defense Board, met with the board at Montreal, and immediately afterward was closeted with President Roosevelt. While little was revealed as to the discussion, it concerned measures for the joint defense of the Pacific Northwest.

The President, revealed La Guardia, favors an immediate real survey of proposed routes, to be followed by early beginning of actual work on the road to Alaska.

This land link between Washington state and Alaska has been often proposed, and preliminary surveys have been made. Surely the urgency of the Pacific situation suggests that a time has come to set the dirt flying.

About 750,000,000 pencils are sold in U. S. yearly. Coming right down to the point, think of all the breaks we get.

DIXON EVENING TELEGRAPH

NEWS BEHIND THE NEWS

By PAUL MALLON

(Distributed by King Features Syndicate, Inc., reproduction in whole or in part strictly prohibited.)

Washington, Aug. 13.—Public confusion about Mr. Roosevelt's nerve diplomacy in the Far East is apparently a primary purpose of the policy and will be officially maintained. You will get no clarity here on that subject.

Whether his shipping restrictions, for instance, are likely to cut deeply into the economic life of the Japs, or merely frighten and annoy them, is something this government does not want anyone to know.

Neither the treasury nor state department will even give an indication whether this country is continuing to ship large quantities of material to Japan, or nothing. It cannot be a military secret, because the Japanese government well knows what licenses have been applied for or granted, what ships have sailed. But the Japanese and American people and the rest of the world are not to be allowed in on the affair for strategic reasons.

The official idea is that by keeping the facts of the situation mysterious, letting the situation simmer without clarification, diplomatic purposes will be advanced in some way. That is state department viewpoint. In addition, the treasury department takes the view that what Japan does with her money in this country is none of the public business.

This is what has been done so far.

The only materials absolutely embargoed and therefore certainly not being shipped to Japan are aviation gasoline, aviation lubricating oil, scrap iron and some less important metals we need.

Anything else could be shipped, but only through the secret government process. All Japanese funds in this country have been frozen (placed under treasury control). When Japan wants to buy something she goes to the treasury and asks release of her funds to pay for it. If permission is granted, she must go to the state department for a license to export it.

As none of these transactions will be divulged, no one can tell how strongly or weakly the key note of Far Eastern policy is being pursued.

The progress of price legislation through congress like a platypus through a molasses barrel is beginning to cause comment. House banking committee hearings resemble a continuous quiz program without the benefit of Kieran, Levant and Adams.

Leon Henderson, the Roosevelt price man, was stopped after the hearings by Committee Chairman Gifford, the Massachusetts Republican, who observed Henderson was belaying his reputation as a tough guy in his testimony forecasting the possibility that the price administration would be "sweet and reasonable".

"Reasonable, yes," said Henderson. "Sweet, no. If you fellows want some sweet administration of prices, you had better get someone else".

It looks as if they might. The first sharp open personal attack on Henderson came almost unnoticed in the senate from the new Mississippi Senator Eastland, who claimed Henderson had not done right by the southern cotton farmer. Board control, replacing Henderson's single-headed authority is now considered proper to be included in the legislation, but the bill probably will not get through until October.

Discouraging military reports on the Pacific have caused men at the maps here to move up from Sept. 15 to Sept. 1, their date for the anticipated evidence of the end. By that time they would not be surprised to find Leningrad, Kiev, Odessa and possibly Moscow in nazi hands. Any unexpected developments which would delay that eventually would draw cheers throughout this government.

Small industrial concerns are beginning to bombard their congressmen about the defense program, squeezing them out of business through pre-empting their raw materials and the pre-empting has only started. A congressional eruption is being planned.

All congress has been politically saddened by the necessity of voting onerous taxes. One southern senator who survived even a new deal purge says: "We'll apply the taxes to the people this year; they'll apply the pitchfork to us next year."

Prime Minister and President Are Close Personal Friends

Churchill Is As Busy As Roosevelt In the Affairs of the State

By The Associated Press
Prime Minister Churchill and President Roosevelt had been "Winston" and "Franklin" to each other since January.

This close relationship was established in trans-Atlantic telephone conversations shortly after the first trip to London of Harry Hopkins on a month's visit as the president's personal representative.

On Feb. 9, the night before Hopkins left England, Churchill made his appeal to the United States "give us the tools and we will finish the job" and gave his assurance that an American expeditionary force would not be needed.

The appeal was renewed in a speech to the House of Commons on April 9, when he asked for "gigantic building of merchant ships" in the United States.

Before the end of the same month he hailed the "tremendous decision" of the United States to patrol the western Atlantic and declared:

"The eventual and total defeat of Hitler and Mussolini is certain in view of the respective and declared resolves of the British and American democracies."

As Busy As Roosevelt

The British prime minister is as busy as the president. Churchill has been on the go since he took office May 5, 1940, and warned the empire that he had "nothing to offer but blood, toil, tears and sweat".

With a cigar gripped between his teeth and a John Bull hat stuck jauntily on his head, Churchill has made hundreds of trips through wartime England. He has gone to army posts, airplane factories, beach defense works and naval bases throughout the kingdom—his cocky walk and growling, defiant voice a demonstration to cheering crowds that Britain is still in the fight.

Keeps 10 Secretaries Busy

Between trips Churchill works 12 to 14 hours a day, keeping 10 secretaries busy. As defense minister his hand is felt more strongly in the army, navy and airforce than was that of any other recent British premier. Critics often accuse him of waging a one-man war.

In radio speeches and in speeches to the House of Commons he has stressed one main theme—that Britain would never give up.

"We shall not flag nor fail," he promised after the evacuation from Dunkerque.

For the last fortnight Churchill has dropped from sight, but not out of the news—since he made it known that he would not participate in last week's closing war progress debate in the House of Commons. Clement R. Attlee, on Aug. 6, served as his deputy in Commons. That was when the rumors began to fly that the British prime minister was meeting Roosevelt.

Morgenthau Advocates Increase in Social Security Revenues

Washington, Aug. 14.—(AP)—Secretary of the Treasury Morgenthau today advocated increasing Social Security taxes for the double purpose of preventing inflation during the emergency and cushioning readjustments later.

The secretary told a press conference the proposal was part of the suggestions he intended to give congressional committees studying price control legislation and other anti-inflation measures.

He said he had no details in mind, especially as to how much the tax ought to be increased. At present, employees and employers are taxed at the rate of one per cent each on the amount of pay rolls. In informal discussions among officials previously, the figure of three per cent each has been suggested.

"That," Morgenthau said, "is the direction we should be moving in. I prefer expanding Social Security to any compulsory savings ideas."

SECRET VOYAGE

BY JOSEPH L. CHADWICK

COPYRIGHT, 1941.
NEA SERVICE, INC.

YESTERDAY: Jim Mallory arrives at the Hammond mansion to find Jeffery Hammond in Miami on business and his daughter Lois assigned to entertain him. He overhears Lois and some friends talk about him. They picture him as a disagreeable person because of his salvage work. When Jim enters the room, they are surprised, especially Lois Hammond and Mary Larsen, whom he learns is Mr. Hammond's secretary. Lois plays up to Jim and asks him to dance. He notices Mary watching them with a twisted and bitter smile on her lips.

BOMBHELL HITS HOME

CHAPTER IV

JEFFERY HAMMOND returned home shortly before midnight. Jim Mallory, summoned to his host's study, faced a distinguished looking man of about 55. They shook hands.

Hammond sat down at his desk, and said, "Sorry I wasn't here when you arrived, Mallory. I was called to the office. Mackay Radio reported picking up an SOS from a Hammond ship."

"That's quite all right, sir," Jim Mallory said. He was aware of several things; that the Hammond Lines seemed to have much trouble of late, that Hammond's secretary, Mary Larsen, was at the other desk at the far end of the room, and that though the girl was busily writing she could be just as busily listening to this conversation.

Hammond said, "I've been considering your several communications, Mallory, concerning the freighter Sonora which went down in the Caribbean some months ago. You've located the ship, and you'd like to salvage her cargo."

"That's it, sir. I think the job would pay. I first contacted your New York office, meaning to deal with the insurance company, but I was informed the cargo had not been insured."

"Quite right. There was a slip-up in the office. The cargo should have been insured. But I can't agree that salvaging would pay. The cargo was manganese, and ore is always difficult to salvage. Besides, the Sonora lies at 80 fathoms and divers can't work at that depth."

"She lies at 40 fathoms, Mr. Hammond, not 80."

"But the Coast Guard took a sounding."

"The Coast Guard took a sounding at the spot where the Sonora's crew said she went down. She doesn't lie there, but several miles away."

"Perhaps the crew was mistaken. After all, the men must have been rattled. They were

caught in a hurricane, and the captain and his first officer were lost."

JIM MALLORY made a slow thing of lighting a cigarette. He stole a glance at the girl; obviously she was all ears.

"By the way, Mallory," Hammond said, "did you go down to the ship?"

Jim Mallory saw Mary Larsen's head come up. He said, "Yes." And he saw Hammond frown. You could feel a mystery here, he told himself.

Commerce Commission to Probe Chicago Bus Fare

Springfield, Ill., Aug. 14.—(AP)—The Illinois Commerce Commission has ordered its own investigation to determine whether the Chicago Motor Coach Company

should continue its 10-cent bus fare.

Stepping into the complicated rate reduction case which had been pending since 1934, the commission on its own motion launched the investigation and ordered that all dividends on common and preferred stocks of the bus com-

pany be suspended during the inquiry.

In beginning its investigation, the commission indefinitely postponed hearings on the petitions of Attorney General George F. Barret to reduce the fare immediately to seven cents; on the city of Chicago's long-standing petition for an investigation into the bus company's rate structure; and on Alderman Paul H. Douglas' petition to institute a rate of three rides for 25 cents.

Chairman John D. Biggs announced that hearings on the commission's order would begin next Tuesday in Chicago before Assistant Commissioner William E. Helander and Examiner Howard West.

It costs more than \$5,000 to fire one .50 calibre machine gun for one hour.

Says Young Democrats Will Avoid Partisan Talks at Convention

Chicago, Aug. 14.—(AP)—Partisan politics, a regular enlivening feature of previous Young Democrats' conventions, will be frowned upon at the national meeting next week, Homer Mat Adams, national president, announced.

Instead, Adams said in a statement from national headquarters here, the convention will be dedicated to a study of vital problems of national defense, the reasons for resident Roosevelt's declaration of a total emergency and youth's role in national unity.

Delegates from 48 states and the territories will meet in Louisville, Ky., from Thursday through Saturday, Aug. 21-23.

"Although we are a political organization, the official youth organization of the Democratic party," Adams said, "in view of

the grave conditions of the hour, this convention will be devoted to national defense and rededication to the patriotic policy of the organization. As such we expect the convention to be devoid of partisan politics."

Soldier's Estranged Wife Tells of Being Wounded by Her Suitor

Mt. Vernon, Ill., Aug. 14. — (AP) — Kregel Gary Pigg, 29-year-old railroad shop worker, came to his death by suicide after he shot and wounded Mrs. Margaret Harvey, 25, and her 16-months-old daughter, Judith, a coroner's jury reported Tuesday.

The shooting occurred earlier in the day at the Harvey home 11 miles west of Mt. Vernon.

The wounded woman's deposition, read at the inquest, asserted that after she returned rings Pigg had given her, she locked the screen door of the porch. He then fired a shotgun through the porch screen, wounding Mrs. Harvey and her daughter.

The wounded pair are in a hospital here.

Mrs. Harvey separated from her husband last September and he joined the army in February.

Keeshin Demonstrates Horse Is Still Useful

Chicago, Aug. 14. — (AP) — J. L. Keeshin has two big Belgian mares answering wizzards who insisted that the horse has outlived its usefulness.

The horses appeared yesterday, pulling a wagon over a route formerly served by a truck of the Keeshin Motor Express Corp. Keeshin, president of the firm, said that further similar replacement is contemplated and explained:

"Tires are going up. Truck repairs are getting more costly. Gasoline is expected to rise. But there is plenty of oats."

He added that if the experiment proved successful here, several teams would be shipped to New York where "the gasoline shortage is becoming troublesome."

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with a burning or stinging sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Mrs. Kreider Is Shower Hostess for Her Sister

Mrs. Charles Kreider of Sterling, the former Miss Ethel McWethy of this city, entertained 20 guests last evening at a post-nuptial shower, honoring her sister, Mrs. Franklin Cline. Before her July marriage, Mrs. Cline was Miss Harriet McWethy.

Mrs. Floyd Floto and Mrs. Ira Utz won prizes in the evening's card games. Mrs. Smith McWethy assisted Mrs. Kreider in serving refreshments.

Guests included the honoree's mother, Mrs. Edith McWethy; Mr. Cline's mother, Mrs. A. B. Cline; Mrs. Joy Diehl, Mrs. Floyd Floto, Mrs. Galen Myers, Mrs. Ira Utz, Mrs. Roy Glessner, Mrs. Chester Moats, Mrs. Donald Lepley, Mrs. Joe Hall, Mrs. William Adams, Mrs. Henry Taylor, Mrs. Carl Plowman, Miss Alice Sheller, and Miss Marie Thompson, composing a Dixon club group of which Mrs. Cline is a member; Mrs. Smith McWethy and daughter Nancy Lee and Mrs. Donald Wilson of Sterling.

HELEN BOYER, MR. HECKMAN TO PLEDGE VOWS

Informal announcement of Miss Helen Boyer's engagement to Clifford Heckman of Bay City, Fla., son of the Eugene Heckmans of this city, was made last night when Miss Boyer's mother, Mrs. James H. Boyer of 77 Harrison avenue invited 14 guests in for an evening of games. The date for the wedding has not yet been revealed, although the ceremony probably will be solemnized later this month.

Bouquets of roses and gladioli decorated the rooms. Mrs. U. Zuend and Miss Boyer received prizes at the card tables, and a set of fiesta ware was presented to the honoree.

Miss Boyer's fiancé is employed by a paper mill in Bay City.

MRS. MCNICOL IS HONORED

Miss Anna Jean Crabtree was hostess at a dessert-bridge last evening, complimenting Mrs. Richard McNicol of Battle Creek, Mich. Eight friends of the former Miss Betty Nichols were circling the card tables. Mrs. Allan Boyd and Miss Barbara Campbell received prizes when scores were tallied.

Mrs. McNicol, who is visiting her parents, Mr. and Mrs. Herbert Nichols, expects to remain in Dixon until next week, and will be attending the Sheldon-McNicol wedding on Sunday.

KING SCHOOL HOLDS REUNION

Former scholars and teachers of the King school and their friends will hold their annual reunion on Sunday at the school, located in Nelson township on the new highway, Route 30, two and a half miles north of Harmon. Arrangements are being made for the best program in the history of King reunions, and a large turn-out is anticipated.

A basket dinner will be served at noon.

FROM ORTHWEST

Mr. and Mrs. Thomas J. Ryan, Sr. have returned from a 5000-mile motor trip through the Pacific northwest. They were accompanied by their son, Thomas, and his family of Omaha, Neb. The party visited the Ryans' eldest son, Edward, in Orville, Wash., and another son, Robert, in Lewistown, Mont.

JOINT PICNIC

Members of the South Dixon Home Bureau and Farm Bureau are planning a joint picnic for 12 o'clock Sunday noon in Lowell park.

DIXON COUNTRY CLUB MEMBERS ARE INVITED TO "MILITARY BALL" ON MONDAY EVENING

The Dixon Country club's 1941 social season—dance-less to date—is offering members and their out of town guests a late-summer dancing party for Monday evening that probably won't leave much unoccupied floor space in the clubhouse.

When the board members met Tuesday evening with President George Beier in charge of the gavel, a dance committee composed of Eldon Myers, E. E. Barrowman and Floyd Smith was appointed, and was given permission for "immediate action." Within a day's time, this energetic trio was ready with today's announcement.

A "military ball" is what the committee is calling the party, and to carry out the theme of the dance, there will be a patriotic setting in red, white and blue, with hats and other favors promising additional gaiety. Furthermore, the price of tickets is much lower than usual, which makes the event still more pleasant to contemplate.

Wives of the committee members have been "enlisted" to help with the decorations. Dancing will begin at 9:30, and continue until 12:30.

Players Repeat Comedy, "A Kick in the Kitchen"

Director Richard Vernon announces that, due to the enthusiastic reception accorded last week's presentation of the delightful comedy, "A Kick in the Kitchen," the Grand Detour Players will repeat this three-act laugh fest in Illini hall, beginning tonight at 8:15 o'clock. The show will also be seen at the same hour Friday, Saturday and Sunday, with a matinee performance scheduled for 2:30 p. m. Sunday.

The cast of characters selected by Mr. Vernon includes: Sara Coates Joan Norlander Pa Coates John Cosgrove Lorraine Coates Toni Lumley Susie Coates Helen Slakis Bob Jones Edward Rees Tom Flint Richard Vernon Mr. Bump Don Randall A stranger Wallace Dace Mr. Rink Robert Crane

HOMEMAKERS HAVE DINNER

Ten members of the City Home Bureau Unit motored to the White Pines state park for dinner last evening. Afterward, they were invited to Mrs. Carl Kling's home at Grand Detour to make up tables for bridge games. Mrs. David Crawford held high score at the close of play.

New officers of the unit will conduct the September meeting.

Marian Emmert to Become Bride in Minnesota

Miss Marian Emmert, elder of the two daughters of the L. W. Emmerts, 1006 Peoria avenue, will be leaving Saturday for St. Paul, Minn., where she is to become the bride of William P. Foster, only son of the J. P. Fosters of Chicago, in an 8 o'clock ceremony Sunday morning.

The bride's sister, Miss Hazel Louise Emmert, and their brother, Lloyd William Emmert, Jr., are to be the couple's only attendants.

Miss Emmert has selected navy accessories for her bridal suit of light blue wool. A turban of navy jersey will complete her attire. Her sister, as maid of honor, will be wearing a suit of brown and beige wool.

Mr. Foster's fiancé was graduated from Dixon high school, and for the past year and a half, has been employed in the traffic department of the Dixon Home Telephone company. On Monday afternoon, her co-workers entertained with a miscellaneous shower in her honor.

Mr. Foster, a former Dixon resident, attended Ottawa college in Ottawa, Kan., where he became affiliated with Sigma Delta Pi fraternity. He is now with the St. Paul branch of the Montgomery Ward and company.

The couple will reside in St. Paul.

Ceiling on Soft Coal Price May Be Ordered

Washington, Aug. 14.—(AP)—A ceiling on soft coal prices to prevent excessive costs to consumers may be fixed by the bituminous coal division at hearings beginning September 9.

The hearing date was set today by Director Howard A. Gray, acting on a petition of the coal consumer's council which declared maximum prices were needed in view of rising fuel costs.

A top of approximately 10 per cent above present minimum prices for all soft coal was proposed by the council, which requested action under provisions of the coal act authorizing establishment of maximum prices when necessary to protect consumers.

Coal men predicted that the hearings might last many weeks. The minimum prices were fixed last fall after many months of hearings.

Gray's order calling the maximum price hearing today provided that persons desiring to participate in the proceeding must notify the division before September 3.

The increases above current minimum prices proposed in the council's petition ranged from 20 to 40 cents a ton. Among them were: District 10—Illinois, 20; district 11—Indiana, 20; district 12—Iowa, 30.

Chile's Chamber Gets Bill to Outlaw Nazis

Santiago, Chile, Aug. 14.—(AP)—The Chamber of Deputies, called into extraordinary session last night, received early today a bill to outlaw nazi organizations in Chile and heard at the same time an assertion that 95 per cent of the nation's army officers are pro-German in their sympathies.

Introduced by a Socialist deputy, the proposed legislation not only would ban nazi activities but would permit deportation of persons engaged therein.

LEGION CONVENTION BAND

Scott Field, Ill. Aug. 14.—(AP)—The 50-piece student detachment military band of Scott Field has been chosen by the Illinois American Legion as the official military band for its twenty-second annual convention at Springfield Aug. 22-25.

Darlan Tells French Forces He Led Them Along Petain's Route

Vichy, Unoccupied France, Aug. 14.—(AP)—Vice Premier Jean Darlan, in his new role as minister of national defense, told France's land, sea and air forces today that he will lead them along the road designated by Chief of State Petain.

Darlan's message was contained in an order of the day broadcast to the empires as newspapers from nazi-occupied Paris indicated belief that defense powers both at home and overseas now concentrated in Darlan's hands give him complete power over colonial commanders-in-chief.

Darlan, who now wields military power greater than any French leader since Napoleon, told his soldiers, sailors and airmen:

"I know I can count on the devotion of all to the cause of France so nobly defended by the marshal.

"Everyone can count on me to lead them along the road indicated by the wisdom and far-sightedness of the illustrious soldier who has made the country the gift of his persons."

He said there was no reason for despair but to study the causes of defeat in order to avoid them in the future.

State Sales Tax Law Is In Courts Again

Chicago, Aug. 14.—(AP)—The state sales tax law, the constitutionality of which has been questioned in the courts at various times, was down today for some more legal jousting.

The latest action filed in Superior court yesterday, is by the People's Drug Store of suburban Berwyn which charged that a customer, Leslie M. Moysey, refused to pay \$8.56 tax on his purchases during the last six months.

Moysey's attorney, former Representative Arnold J. Lund, said he had advised his client to refuse to pay the tax on one of his major charge accounts in belief that the retailer eventually would bring suit to recover the tax involved.

"I told him," Lund said, "that this was the only way we could test the right of the retailer to collect the tax. x x x The retailer never has been designated as a tax agent by the state and has no right to collect this tax."

According to automobile engineers, many accidents are caused by exhausted drivers. As a result they recommended that drivers take a restful position while driving, and grasp the wheel lightly to avoid tenseness.

Demonstrators in France Are Fired on by Police

Vichy, Unoccupied France, Aug. 14.—(AP)—Paris newspapers disclosed today that police fired on demonstrators yesterday at the port of St. Denis, wounding some of them, and that 16 others were arrested at the Gare St. Lazare, a main railroad station.

The newspaper Aujourd'hui said those involved were "solely Jews and foreigners."

(A German broadcast, heard in New York, said Communists provoked the incident and that all arrested persons were Jews.)

Michigan ranks first, Pennsylvania second, New York third, and Ohio fourth in the number of hunting licenses issued.

Polo Corn Carnival, Aug. 27-28
In the past years the Polo Corn club has sponsored the Fall Festival the latter part of August or the first part of September and then in October the Polo Corn Industrial League has sponsored the Corn Carnival, but this year in order to give the public of northern Illinois a bigger and better show in every way, the Women's club and the Civic Industrial League are combining the two celebrations into one big event.

The Polo Corn Carnival to be held August 27 and 28. The outstanding feature of the Corn Carnival will be the parade, a parade of custom built floats, beautiful girls, two bands, the Eakle family drum corps, beautiful horses and riders and many other things of interest. A parade such as you won't see any place outside of Chicago.

The floats will depict the American flag, a miniature U. S. destroyer, golden slipper and several other beautiful floats that will make the parade the outstanding parade of its kind in northern Illinois and it will be shown Wednesday, Aug. 27 at 1 p. m. and again Thursday, Aug. 28 at 1 p. m.

There will be a big mid-way, colorful as only a mid-way can be. The public is invited to dance both nights to Bill Benson's orchestra. A popular dance band brought back to Polo by request. There will be free acts from the central platform both afternoon and evening for the entertainment of the crowds.

Boy Scout News

Parents Visit Camp—Parents of several members of Boy Scout troop, No. 89 of this city, took advantage of an opportunity to inspect the much improved Camp Lowden Wednesday afternoon and evening. During the afternoon they inspected the camp which houses the Dixon boys who are under the efficient leadership of Scoutmaster Kenneth Abbott.

In the evening the ritual of lowering the colors proved an impressive sight and this was followed by the supper hour. The parents joined in a picnic dinner which was served in the dining tent of the troop after the boys had partaken of their meal. At 8 o'clock, all repaired to the Assembly park where the final camp fire service was held. At the inspection of the camp site last evening, all units of troop 89 registered 99 per cent perfect which was reported a record high for Camp Lowden.

Australian Minister May Confer With Roosevelt

Melbourne, Aug. 14.—(AP)—Authoritative sources said Wednesday Prime Minister Robert Menzies probably would go to London by way of the United States to confer with President Roosevelt if the Federal parliament agrees to his visit.

Parliament has been summoned to meet briefly Aug. 20 to discuss the tense Far Eastern situation and the cabinet's proposal that the prime minister go to London.

Kingstree, S. C.—These Kingstree ball players are the sly ones. When they disliked a decision of Palmetto League umpire Sam Sturcison in their game with Sumter they didn't go racing out brandishing bats and hurling invectives. They slipped a "Help the Blind" sign on the ump's back.

Non-Interventionists Winning War to Keep Out of War Says Nye

Chicago, Aug. 14.—(AP)—

House passage of the army service extension bill by only a one vote margin "marked the breaking of the back of the cause of intervention," says Senator Gerald P. Nye.

The North Dakota Republican, one of the leading opponents of the administration's foreign policies, told a meeting sponsored by the American First Committee last night that "this vote shows that congress is developing that degree of courage which allows the members to do some thinking of their own."

He declared that public determination to remain out of foreign conflicts has grown stronger and that "congress is more and more reflecting the public indignation with the manner in which our government has been seeking trouble for America."

Furniture Mfg. to Open

The Rochelle Furniture Manufacturing Company will start operations within thirty days, according to plant manager, Edward L. Hagemann. Equipment has been purchased, and upon its arrival the plant will open in the recently acquired building on Avenue C.

Mr. Hagemann has already moved his family to this city. He has many years of experience as manager in a fruit manufacturing plant in Louisville, Kentucky, and for Sears, Roebuck Co. The local plant will manufacture children's and nursery furniture, and will employ about twenty-five men to start.

Mr. Mollenkamp, president of the company, and principal owner, expects to move his family here on Monday. He was furniture buyer for Sears Roebuck Company for many years.

The new firm chose Rochelle as their location from a selection of nearly a dozen cities, after a three month study of the merits of each city they were interested in. Businessmen have been cordial in greeting their new associates.

Employees of Two Big Packing Firms Given Substantial Increase

Chicago, Aug. 14.—(AP)—Thousands of employees of two big meat packing firms—Wilson and Armour—are going to find more money in their pay envelopes.

CIO workers at Armour's two Chicago plants last night ratified an agreement recommended by the National Mediation Board which, among other things, called for a wage boost of five cents an hour for common laborers and proportionate raises for skilled workers.

The vote, representing 14,000 workers, blocked a strike threat. Employees in a dozen other Armour plants throughout the nation will ballot later on the mediation board's proposals. The Kansas City unit gave its approval Tuesday.

The previous wage scales for Armour's Chicago workers ranged from 67½ cents for common laborers to about \$1.20 for the most skilled. Women workers received 57 cents.

The 15,000 workers in Wilson's plants in eight cities have received increases of five cents an hour, thus providing minimum wages for men of 72½ cents an hour and 62 cents for women.

DIXON COUNTRY CLUB TOURNAMENT

Pro Ralph Stonehouse is busy today arranging pairings for the annual Dixon Country club tournament which begins Saturday and Sunday of this week. Because not all of the members have completed qualifying rounds, the players will be matched in order of their handicaps and the pairings will be announced tomorrow.

TO ALL-STARS GAME

Two weeks from today a troupe of Dixon fans will join the cavalcade leading into Chicago where the annual all-star football game will be played between the collegians and the Chicago Bears. First of the local fans we have heard who plan to see the game are Eddie Fry, Orval Gearhart, Jr., and Arnold Salzman.

BIG GOLF STAG

All golfers of this area, no matter what club affiliations they may have, are welcome to compete in the big stag at the Dixon Country club next Thursday afternoon. Ken Detweiler is general chairman with Eldon Myers in charge of tickets and Floyd Smith arranging the prizes. The event will carry an entry fee of \$2.50, a buck and a half of which goes for prizes and the rest for the dinner. It promises to be one of the biggest events of the season and there are many handsome prizes which all have an equal chance of winning. In addition to the grand prizes there will be other awards to be given on high score, gross score and banker's handicap.

GOLF GUESTS

Ken Detweiler, Floyd Smith, George Joyce and Wilson Dysart are planning to go to Highland Park Sunday where they will be the guests of G. F. Bichler at the famed Bob-o-link course. This is an annual pilgrimage for the local club-swingers.

LABOR DAY TWIN BILL

Dixon's Knacks and Rock Falls will face the Maytown diamond aggregation in a twin baseball bill at Maytown on Labor Day, Sept. 1. The two games will be only a part of annual picnic and homecoming celebration planned by the Rev. F. Urban Halbmaier and the members of St. Patrick's and St. Mary's parishes.

EARLY MORNING CROWDING

Hi Emmert, manager of the Reynolds softball team, was up with the chicks this morning to do a little crowding of his own. He declares that the Reynolds boys are out to get the United Cigars in that first game of the twin bill at the Airport diamond tonight. He's serving notice now on Bosses Al Spinden and Johnnie Lange and all their cohorts. Reynolds, you know, hold the lead in the league with nine wins and only two defeats, while the "Smokers" are in second place with seven wins and three losses. In the second game tonight the Three Deuces (won 6, lost 5) meet Borden (won 5, lost 6).

DIXON GOLFERS TO MT. MORRIS

Dixon Country club golfers are to be guests of Mt. Morris Sun-Fay morning and local players are asked to call Pto Ralph Stonehouse and announce their intentions to play. The match will begin at 8:30 o'clock.

FIRST TIME AROUND

Haskell Hall at Earl Stagle, Jr., cousins, played their first games of golf yesterday afternoon and it is reported that they clubbed their way around the Plum Hollow course with 53 each. There are some of us who have been playing for years who could take lessons from the young novices.

COACH HAS NEW POSITION

Herbert Blodgett, coach of Lee Center high school for the past several years, has been engaged by the board of education of York Community high school at Thomson as athletic coach and teacher of science. He will fill the vacancy caused by the resignation of Vernon C. Corbin who has been engaged by the Fulton high school board. Mr. Blodgett was a former coach in Thomson.

BACK TO BADGER CAMP

For a time it was thought that the draft might prevent Don Miller from returning to the University of Wisconsin this fall to resume his studies and athletic career. However, the Dixon youth will be permitted to complete his studies—which also means that he'll be out again to make Coach Harry Struhldreher's Badger team.

BIG MATCH TOMORROW

Enthusiasm in the current Plum Hollow golf tournament is running like red hot lava and one of the best events comes tomorrow afternoon at 1:30 when Bill Witzleb and Em Rorer meet. If you have some time tomorrow you'd better head out to see the match because you're likely to see some red hot playing. Rorer said today he has his campaign mapped out and undoubtedly Witzleb has been doing the same. The latter is an expert on long shots and he really whacks them a mile. Em, on the other hand, does well on the greens—so anyway you look at it, there are sure to be some fireworks.

CONFERENCE STAR TO ILLINOIS

Jim Waters, ex-Polo high school athlete, will enter the University of Illinois this fall. Jim was a star in the Rock River conference this past year and holds the conference high jump record and was high scorer of the 1940-41 basketball season. He plans to study physical education in the hopes of being a coach.

COACH WINS GOLF TOURNAMENT

Coach Ted Scheid, football and track mentor at Sterling Township high school, won the golf tournament of the School of Physical Education at Madison this summer where he shot a 79 in the final and defeated a Mason City, Ia., entrant one up on the 20th hole. Ted has been attending summer school at the University of Wisconsin and expects to return to Sterling about Aug. 22 to begin thinking about the coming football season and that Sterling-Dixon game. Scheid was one of a group of 22 elected to Phi Delta Kappa, honorary education fraternity.

CLOSE MATCHES MARK FIRST OF TOURNEY PLAY

Babe Martin Defeats Earl Pelton in a Class A Event

In these times when everything from the vote on the draft extension to the National League baseball race is as close as junior's crew cut hair, it may be no surprise that the first matches played in the three-flight club championships at Plum Hollow golf course yesterday were as hard fought as the battle of the Ukraine. They'll make clubhouse conversation for sometime to come and they started the big event off with a style that's hard to match.

To the boys who were submerged in defeat there is no trace of humiliation—and it's just one of those "might-have-been" stories. Of the three matches played yesterday two ended in dead heats.

In the Class B competition Don Bush and Lyle Myers ended the 18 holes even up and on the 19th Bush won, 1 up, when he carded a four and Myers took a five. Their scores for the 18 holes were as follows:

OUT
 Bush 455 645 653-43
 Myers 546 565 584-48
IN
 Bush 466 646 554-46
 Myers 444 554 574-42
 In the Class C division George Bishop and George Merriman also ended in a dead heat in the match play and will battle it out today. Their scores are:

OUT
 Bishop 456 764 755-49
 Merriman 466 665 664-49
IN
 Bishop 547 657 665-51
 Merriman 476 666 675-53
 Babe Martin sank a 40-foot approach shot in his Class A fight with Earl Pelton and Earl had been leading one-up on the first nine. Pelton ended with a 79 while Martin took a 77.

Their scores were:

OUT
 Pelton 445 554 542-39
 Martin 344 554 653-39
IN
 Pelton 355 545 463-40
 Martin 354 545 552-38
 Other matches played yesterday were not completed. However, at the end of nine holes Charlie Davis was one-up on Russell Brown in their Class C match and John Bovey was one-up on Howard Perry in their match in the same flight.

Defending champion Bill Witzleb is scheduled to meet Em Rorer, last year's Class B titleholder tomorrow afternoon at 1:30. All first round matches must be played by Sunday night.

Matches on tap for today include Harold Rorer vs. Al Wolfe; Paul Reynolds vs. Leo Miller.

OUTSTANDING HORSEWOMAN TO SELL FAMOUS STABLES
 Wilmington, Del., Aug. 14.—(AP)—Deborah Rood, one of the nation's outstanding horsewomen, is going to sell the stable of hunters that made her famous at horseshows throughout the country. And she doesn't plan to rebuild.

Seventeen of her string of 20 giant hunting mounts and show hunters are to be auctioned off at Fairhill, Md., before the Foxcatcher National Cup race there Sept. 6. She's going to keep two steeplechasers and one jumper "just to keep in touch with the game."

"The main thing influencing me to hold the sale," attractive Miss Rood declared, "is that I don't feel able to continue the excessive activity of operating a large stable while devoting four months of hard work to the Wilmington horse show each spring."

She founded the Wilmington show, now the largest event of its kind for hunting horses, as a girl of 23 back in 1932. As its secretary-treasurer, she made it a financial and social success.

A child prodigy pianist in St. Louis at 10, Miss Rood never rode a horse until she was 13. Miss Rood has owned, trained and sold 422 horses, including some of the finest in the hunting world.

Babe Phelps Is Ready to Return to Flatbushers

Odenton, Md., Aug. 14.—(AP)—Babe Phelps is ready to return to Brooklyn and help the Dodgers in their pennant drive, but he won't beg for the opportunity—and the Flatbushers could use their hard hitting receiver but won't plead with him to reenter the fold.

That's the way matters stand between himself and the pennant-bidding National League club, says Phelps, rotund, gentlemen-farmer of Odenton, discussing his two months old break with the Brooklyn, whom he left June 12 with a complaint he was sick.

"Blimp" said he went to Chicago two weeks ago and, with Leo Durocher, Dodger manager, discussed his case with commissioner K. M. Landis.

"I told Landis then," he said, "that I would probably request voluntary retirement from baseball. But I hate to be laying around like this and I hope something can be worked out."

"I plan to write Landis right away and tell him I've changed my mind about quitting organized baseball—but I won't beg Brooklyn to take me back."

Phelps said he wasn't backing down in his contention that, as an ill man, he was justified in leaving the club when the Dodgers departed from New York June 12 for a series with their pennant rivals, the St. Louis Cardinals.

And he was bitter against Larry MacPhail, Brooklyn general manager.

"Contrary to reports," Phelps declared, "I attempted to telephone Leo Durocher and the Brooklyn office to tell them I was ill. Failing in this I sent a telegram from my room to the Dodger train at the Pennsylvania station thirty minutes before departure."

Ten minutes later, Babe said, MacPhail telephoned and said Phelps was "through" with the Dodgers and MacPhail was "through" with Phelps.

Because he's still the property of Brooklyn, he has refused offers to play semi-pro ball, but he has been working out daily and is down to 212 pounds, about his best playing weight.

TWO METHODS OF TENNIS STYLES CLASH IN TOURNEY
 Minneapolis, Aug. 14.—(AP)—There's an old story in boxing that Jack Dempsey was a great fighter partly because he learned how in many ways before ring days—via lumber camps, coal mines, barrooms, etc., to name a few. An odd style didn't fluster him.

Some of the same goes for tennis to listen to the Public Parks boys tell it. The opinion can be found in more than a few quarters at the National Public Parks and Playgrounds Tennis championships, currently underway here, that given equal ability, an experienced Public Parks player will beat the private club man.

As proof, the Parks boys point to some topnotchers who, they say, were first Public Parks topnotchers—Vines, Riggs, Budge, Stocfen.

Learn-While-You-Work
 Long galloped Willis Anderson, the Los Angeles postoffice worker who rode here in a railroad coach (not Pullman) and who many pick to ride to this year's singles title, feels one can learn to play tennis best if he comes up in the learn-while-you-work school of Public Parks.

Having no coach, he says you study out the fundamentals by yourself, then fit them with your style. You meet a lot of fellows doing the same thing and they toss some mighty strange looking tennis about. A player either learns how to cope with it or doesn't win tournaments. So you become resourceful. Then your own game isn't orthodox and that makes it hard on the other fellow, too.

This contrasts with the picture Public Parks boys draw of private club tennisers learning orthodox style from a coach and competing only against orthodox style.

YESTERDAY'S STARS
 (By The Associated Press)
 Babe Young, Giants, and Art Johnson, Braves—Former hit two doubles to drive in three runs toward victory in first game and latter pitched steady, seven-hit ball to win tonight.

Bobo Newsom, Tigers—Stopped white Sox with six-hit hurling.

Dennis Galehouse, Browns—Kept Indians in check on eight hits and made three singles himself.

George Archie, Senators, and Marvin Breuer, Yankees—Former hit two-run homer in 14th inning to win first game and latter pitched five-hit ball to capture second.

D. O. P. H. Camilli, Dodgers—Snacked three-run homer to pave way to victory over Phillies.

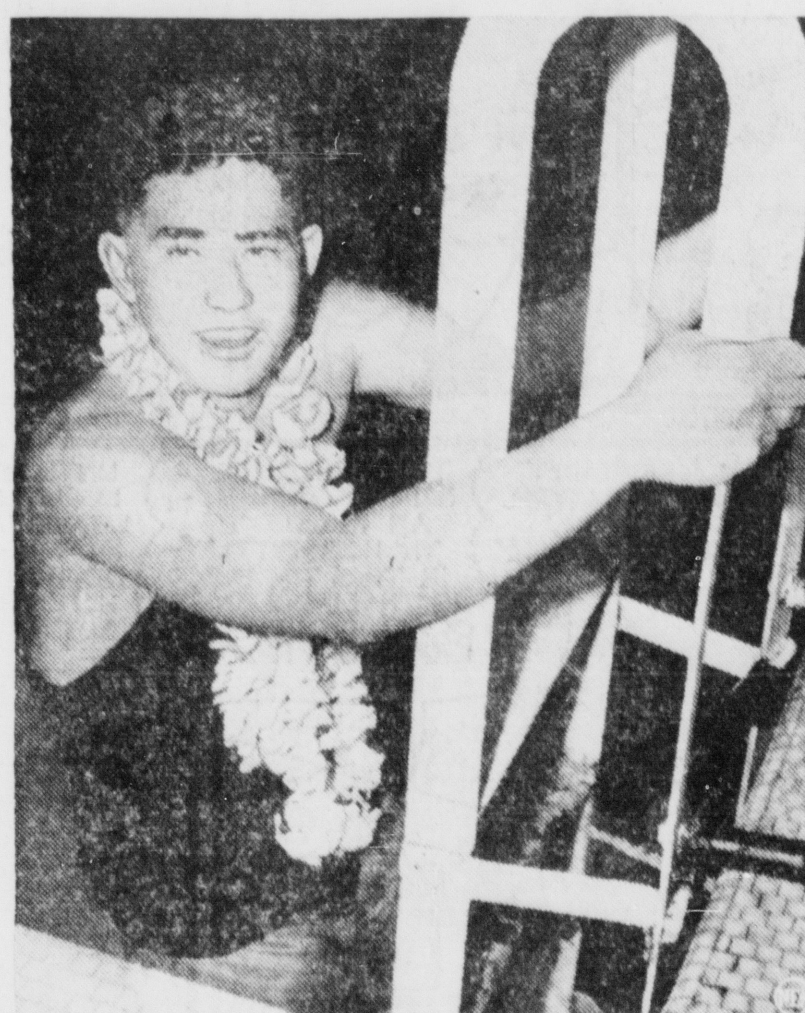

Charley Wagner, Red Sox—Shut out Athletics by keeping eight hits well scattered.

Charley Gilbert, Cubs—Delivered pinch single with bases loaded in ninth to beat Pirates.

Frank McCormick, Reds—Singled with bases loaded in 10th inning to drive in winning run against Cardinals.

DEMOCRATIC ABOUT IT
 New York—Danny Litwiler of the Phillies slammed a home run at the Polo Grounds to become the first player to connect for circuit in every National League park this season.

Knocks Off Knots

Bill Smith, Jr., 17-year-old swimmer who broke five world records in a week last spring, helped pace Hawaiians in successful defense of team championship in National A. U. meet in St. Louis. Speedster Smith won the 200 and 400 meter free style and was second in the 800 meter free style.

Sports Roundup

By SID FEDER

(Pinch-hitting for Eddie Brietz)
 New York, Aug. 14.—(The Special News Service)—Here it is Thursday already, and Ben Jones hasn't signed a rider yet to steer Whirlaway home in the Travers Saturday. Southern golf experts tip you to keep an eye on Louise Suggs, the Georgia gal, in the Women's National the next year or two. Her pop's old Johnny Suggs, who once did a pitching hitch in the Yankees' farm chain.

The Good Old Times
 If Nova happens to take Louis' title (with or without Yogi), the heavyweight championship will go back on the fight-once-a-year basis of Dempsey's days, and Louis' Bum-of-the-Month club will fold its tent. But if Joe wins, he'll take on the Buddy Baer-Abe Simon winner in January.

Kicking It Around
 Staggs didn't fear Purdue any more than the scare Bo McMillin is cooking up for the rest of the Big Ten when he uncovers his 200-pound sophomore, Billy Hillenbrand, at Indiana this fall. And down in the wide open spaces, they say if Southern Methodist goes anywhere in the southwest conference it'll be because Red Maley, another soph ball lugger, is carrying the mail—ee.

Hit and Run
 Frank Leahy is tipping Notre Dame alumni not to be too disappointed if the Irish drop as many as three decisions this fall.

Among other things, Pauline Betz, the tennis-ette, also plays field hockey, golf, basketball, the piano, volleyball, bridge and a typewriter (she's studying journalism at Rollins). Damon Runyon, the promoted sports writer, heads for Hollywood in a couple of weeks to produce a picture from one of his own short stories. Just to show how much chance the Indians still have of winning the pennant, an agent is contacting syndicates to see who wants to buy Bobby Feller's by-line for World Series coverage. Marquette's dormitory and stadium will be so loaded with the American Legion convention next month, the football squad'll have to start its training at a lake 39 miles from the campus.

Today's Guest Star
 Frank Tolbert, Fort Worth (Tex.) Star Telegram: "Big John Kimbrough's handsome face decorated a large cigarette ad this summer. Usually, these ad layouts have a 30-day run in magazines, newspapers and billboards. But the Kimbrough picture was used for 60 days, which should make John the tobacco road of the cigarette ballyhoo business. And he doesn't smoke."

Mail Bag
 Note to Christy Walsh, Hollywood, Calif.: Glad to see you're out there taking a hand in the Lou Gehrig picture, since you knew both Lou and Babe so well from handling their affairs back in the Twinking Twenties. But don't you think the Iron Horse would have liked it better if a baseball man, not a matinee idol, portrayed him on the screen. Somebody like Buck McCormick, for instance, who looks like Lou...or Jimmy Fox, whose career paralleled the big boy's for so long...Just a suggestion, of course...Best of luck, pal.

NATIONAL LEAGUE RACE CONTINUES AT DIZZY PACE

Cardinals Now Have a Narrow Margin of Half Game

By JUDSON BAILEY

Associated Press Sports Writer
 The tangle in the National League is as hopeless of an early solution as a six-day bicycle race on the first day.

The St. Louis Cardinals and the Brooklyn Dodgers simply keep whirling 'round and 'round till one or the other spills off. Then they get up and do it all over again while everybody gets dizzy.

Last night the Cardinals crashed 3-2 in 10 innings at Cincinnati as the Dodgers drummed out a 7-2 triumph over the Phillies to narrow Cards' margin to half a game—whether the matter is bound to rest today because neither team is scheduled.

The Cardinals collected a dozen hits off Bucky Walters, but they didn't get them close enough together. They gave young Mort Cooper a 1-0 lead in the fifth inning but Ernie Lombardi took it away from him with a two-run homer in the seventh. Then Johnny Mize, another well known slugger, slapped out a circuit blow in the eighth to tie the score.

In the tenth rightfielder Johnny Hopp missed a shoestring catch and let a liner by Eddie Joost get by him for a triple. Then after two international passes loaded the bases, Frank McCormick singled the winning run across.

No Such Trouble
 The Dodgers had no such trouble. Dolph Camilli, the current homer king of the senior circuit, notched his 23rd with two on in the third inning and Curt Davis coasted to victory on six-hit pitching.

In another National League night game the Chicago Cubs sent the Pittsburgh Pirates sprawling to their third straight defeat, 6-4, for their longest losing streak in seven weeks. Johnny Lanning rolled up to the ninth inning with a 4-1 lead, but a walk and two errors blew the game wide open and the Bruins scored five runs, two on a pinch single by Charley Gilbert with the bases loaded.

The New York Giants and Boston Braves divided a doubleheader. Babe Young sparked the Giants to a five-run lead in the first three frames of the opener by getting two doubles, one with the bases loaded, and New York made it last for a 7-6 victory. Then Lefty Art Johnson pitched a steady seven-hit affair for a 3-1 triumph in the nightcap.

In the American League the New York Yankees also split a bargain bill with the Washington Senators, but even so managed to gain another half game on the fabled Cleveland Indians, who fell into jeopardy of losing even their second place ranking.

The Yanks were whipped in their first game 5-3 by George Archie's two-run homer in the 11th inning, but had no trouble taking the second session 5-1 on the five-hit hurling of Marvin Breuer.

Browns Wallop Indians
 The Indians were walloped 9-3 by the St. Louis Browns. Dennis Galehouse held the Tribe to seven hits and contributed three singles himself in St. Louis' 16-hit bombardment of four Cleveland hurlers.

This spurred the Boston Red Sox to a 4-0 conquest of the Philadelphia Athletics in a night game that lifted Boston within a game and a half of second place.

Ted Williams was given only one official turn at bat and delivered a double to score Boston's first run and raise his stratospheric batting average to .413.

MORE DOUGH
 Washington—One major leaguer who seems pretty certain to win a battle for more salary next season is Cecil Travis, Washington infielder. The quiet, easy-going Georgian is having his best year hitting around .375 and contending with Ted Williams of Boston and Joe Di Maggio of the Yankees for the American league batting championship.

607 Golfers Begin Qualifying Tests For Amateur Event

New York, Aug. 14.—(AP)—With a place in the field at Omaha Aug. 25-30 their goal, 607 golfers were scheduled to tee off this morning in 27 widely scattered precincts for the National Amateur tournament 36 hole 14 qualifying rounds.

They will be shooting for a total of 137 places. The other 13 places in the field of 150 will be taken care of by seven champs and ex-champs, automatically exempt; Charley Yates, former British amateur champion now in the army, and six players who made the qualifying grade in the Denver district last Monday.

The entry list this year is a little on the scanty side, but it by no means lacks the usual class. In addition to defending champion Dick Chapman and the list of former champions, all of the quarterfinalists of last year's tournament except one—George Dawson of Chicago—will make their bid. Chapman, Bud Ward, Charley Fischer, Willie Turnesa, Johnny Goodman and Chick Evans are the present or former champs not required to take the test.

Dixon Enlistees Find Vacancies at Panama Canal Zone are Filled

John W. Frase and Richard L. Blaga of this city who entrained Tuesday morning for Chicago, where they were to be enlisted in the Coast Artillery in the Panama Canal Zone, have been enlisted in the regular army, unassigned with temporary station at Fort Sheridan, Ill., Sergeant Emory Jones of the Dixon recruiting station announced today. The vacancies at the Canal Zone has been filled before the two Dixon recruits could be inducted into service. They still have an opportunity to be assigned to the Coast Artillery at other stations, it was stated. Dale B. Russman of Princeton and Gerald D. Gipson of Oregon who left Tuesday morning, were enlisted for air service training at Jefferson Barracks, Mo.
